Course Description and Goals

This course provides an overview of child development from prenatal development through to adolescence, covering cognitive, emotional, and social development. It is a chronological course starting pre-infancy and ending at adolescence.

Prerequisites

PSYC 205 or PSYC 200 & 201 – Principles of Psychology I & II

Required Text

Alistair Younger, Scott Adler and Ross Vasta (2012, 3rd Canadian Edition). Child Psychology. Toronto, ON: Wiley. Available at the University of Calgary Bookstore.

Blackboard for PSYC 351 (L01)

Copies of the overhead notes to be used in class (as well as this outline) will be available through the course Blackboard site. There is an area on the general campus Blackboard site set aside for this course. Blackboard can be accessed via this link; <http://blackboard.ucalgary.ca/webapps/login>. There you will find this outline, copies of the PP slides I use in class and podcasts describing the reading weights for the sections of the text assigned by quiz.

Evaluation

Three term tests and a final exam are scheduled. All are non-cumulative, tests comprised of multiple choice questions based on both textbook and lecture material (including films and other demonstrations). Not all test material will be covered in class, and some test material covered in class will not be covered in the text, so regular attendance is important for success in this course. Note that you are responsible for all assigned readings from the text even if the specific content has not been

covered in lectures. Many test questions will involve critical thinking, a skill you will be given practice developing in class, so again it's to your advantage to come to class.

Two Short (3 to 4 pages) papers, one due October 25 and the other due November 29, each worth 10% of your mark. Topics to be distributed but virtually any topic of relevance to the course material will be acceptable. Papers can be turned in to me in class on the day they are due or in an envelope labeled "Mike Boyes' 351 Papers" and submitted to the main office or in their hallway drop box *before 4:30 on the due date*. Late papers will be assessed a 1 mark (of the 10 they are worth) penalty per calendar day.

Your course grade will be computed as the average of test marks and the 20% for the two short papers. Never miss a test unless it is absolutely necessary, since a subsequent illness/emergency could cause you to miss a second test. You may be required to supply me with Physician/Counselor Statement(s) indicating the basis the missed test as soon as possible after the missed test. At the instructor's discretion, a make-up exam may differ significantly (in form and/or content) from a regularly scheduled exam.

Department of Psychology Grade Distribution Policy

The distribution of grades in Psychology courses (the percentage of A grades, B grades, etc.) will be similar to the distribution of grades in other courses in the Faculty of Arts. The Department monitors the grade distributions of 200-, 300-, and 400-level courses in the Faculty to ensure that the grade distributions in Psychology courses are comparable. Based on these reviews, students can expect that 1) up to 30% of grades in 200- and 300-level psychology courses will be "A" grades (A+, A, and A-), and 2) up to 40% of grades 400-level psychology courses will be "A" grades.

Department of Psychology Criteria for Letter Grades

Psychology professors use the following criteria when assigning letter grades:

A+ grade: *Exceptional Performance*. An A+ grade indicates near perfect performance on multiple choice and short answer exams. For research papers/essays/course projects/presentations, an A+ grade is awarded for exceptional work deserving of special recognition and is therefore not a common grade.

A, A- Range: *Excellent Performance*. Superior understanding of course material. Written work is very strong in terms of critical and original thinking, content, organization, and the expression of ideas, and demonstrates student's thorough knowledge of subject matter.

B Range: *Good Performance*. Above average understanding of course material. Written work shows evidence of critical thinking and attention to organization and editing but could be improved in form and/or content.

C Range: *Satisfactory Performance*. Adequate understanding of course material. Knowledge of basic concepts and terminology is demonstrated. Written work is satisfactory and meets essential requirements but could be improved significantly in form and content. Note: All prerequisites for courses offered by the Faculty of Arts must be met with a minimum grade of C-.

D range: *Marginally meets standards*. Minimal understanding of subject matter. Written work is marginally acceptable and meets basic requirements but requires substantial improvements in form and content. Student has not mastered course material at a level sufficient for advancement into more senior courses in the same or related subjects.

F grade: *Course standards not met*. Inadequate understanding of subject matter. Written work does not meet basic requirements. Student has not demonstrated knowledge of course material at a level sufficient for course credit.

Grading Scale

A+	96-100%	B+	80-84%	C+	67-71%	D+	54-58%
A	90-95%	B	76-79%	C	63-66%	D	50-53%
A-	85-89%	B-	72-75%	C-	59-62%	F	0-49%

As stated in the University Calendar, it is at the instructor's discretion to round off either upward or downward to determine a final grade when the average of term work and final examinations is between two letter grades. To determine final letter grades, final percentage grades will be rounded up to the nearest whole percentage (i.e., 89.50% will be rounded up to 90% but 89.49 will not).

Reappraisal of Grades

A student who feels that a piece of graded term work (e.g., term paper, essay, test) has been unfairly graded, may have the work re-graded as follows. The student shall discuss the work with the instructor within 15 days of being notified about the mark or of the item's return to the class. If not satisfied, the student shall immediately take the matter to the Head of the department offering the course, who will arrange for a reassessment of the work within the next 15 days. The reappraisal of term work may cause the grade to be raised, lowered, or to remain the same. If the student is not satisfied with the decision and wishes to appeal, the student shall address a letter of appeal to the Dean of the faculty offering the course within 15 days of the unfavourable decision. In the letter, the student must clearly and fully state the decision being appealed, the grounds for appeal, and the remedies being sought, along with any special circumstances that warrant an appeal of the reappraisal. The student should include as much written documentation as possible.

Plagiarism and Other Academic Misconduct

Intellectual honesty is the cornerstone of the development and acquisition of knowledge and requires that the contribution of others be acknowledged. Consequently, plagiarism or cheating on any assignment is regarded as an extremely serious academic offense. Plagiarism involves submitting or presenting work in a course as if it were the student's own work done expressly for that particular course when, in fact, it is not. Students should examine sections of the University Calendar that present a Statement of Intellectual honesty and definitions and penalties associated with Plagiarism/Cheating/Other Academic Misconduct.

Academic Accommodation

It is a student's responsibility to request academic accommodation. If you are a student with a disability who may require academic accommodation and have not registered with the Disability Resource Centre,

please contact their office at 403-220-8237. If you are seeking academic accommodation, please notify your instructor no later than fourteen (14) days after the commencement of the course.

Absence From A Test

If you miss one of the term tests it may be possible to arrange a make-up. Please inform me of your absence prior to the test time or as soon as is possible after the test date and time. A Physician/Counsellor Statement may be required to confirm absence from a test for health reasons. The student will be required to pay any cost associated with the Physician Counsellor Statement.

Travel During Exams

Consistent with University regulations, students are expected to be available to write scheduled exams at any time during the official December and April examination periods. Requests to write a make-up exam because of conflicting travel plans (e.g., flight bookings) will NOT be considered except under exceptional circumstances. Students are advised to wait until the final examination schedule is posted before making any travel arrangements.

Freedom of Information and Protection of Privacy (FOIP) Act

The FOIP legislation disallows the practice of having student's retrieve tests and assignments from a public place. Therefore, tests and assignments may be returned to students during class/lab, or during office hours, or via the Department Office (Admin 255), or will be made available only for viewing during exam review sessions scheduled by the Department. Tests and assignments will be shredded after one year. Instructors should take care to not link students' names with their grades, UCIDs, or other FOIP-sensitive information.

PSYC 351 Fall 2013

Course Credits for Research Participation (Max 2% of final grade)

Students in most psychology courses are eligible to participate in Departmentally approved research and earn credits toward their final grades. **A maximum of two credits (2%) per course, including this course, may be applied to the student's final grade. Students earn 0.5% (0.5 credits) for each full 30 minutes of participation.** The demand for timeslots may exceed the supply in a given term. Thus, students are not guaranteed that there will be enough studies available to them to meet their credit requirements. Students should seek studies early in the term and should frequently check for open timeslots. Students can create an account and participate in Departmentally approved research studies at <http://ucalgary.sona-systems.com>. The last day to participate in studies and to assign or reassign earned credits to courses is **Dec 6, 2013**

Evacuation Assembly Point

In case of an emergency evacuation during class, students must gather at the designated assembly point nearest to the classroom. The list of assembly points is found at <http://www.ucalgary.ca/emergencyplan/assemblypoints>. Please check this website and note the nearest assembly point for this course.

Student Organizations

Psychology students may wish to join the Psychology Undergraduate Students' Association (PSYCHS). They are located in Administration 170 and may be contacted at (403) 220-5567.
