

PSYC 437	Health Psychology	Fall 2019
-----------------	--------------------------	------------------

Instructor:	Dr. Tavis Campbell, Ph.D.	Lecture Location:	SA 235
Phone:	403-998-0706	Lecture Days/Time:	T 5:00-7:45
Email:	t.s.campbell@ucalgary.ca		
Office:	AD 225		
Office Hours:	Tuesday 2-3pm		

Course Description Health psychology involves the discipline and principles of psychology and human behavior in understanding how the mind, body, and behavior interact in health and disease. Class topics include psychosocial models of health and disease, stress and coping, health enhancing and health damaging behaviors, pain management, and a variety of specific behavior-related medical illnesses (e.g., heart disease, cancer, insomnia).

Course Learning Outcomes

The Department of Psychology is committed to student knowledge and skill development. The table below lists the key learning outcomes for this course, the program-learning outcomes they facilitate (see psyc.ucalgary.ca/undergraduate/program-learning-outcomes), and the expected level of achievement.

Course Learning Outcomes	Assessment Methods	PLO(s)	Level(s)
1) Describe the influence of biopsychosocial variables, including biological, psychological and social factors involved in the etiology, progression and management of chronic disease.	Multiple choice exams, Verbal report, term paper	1,4	C
(2) Describe the challenges involved in health behavior change.	Multiple choice exams, Term paper, Verbal reports	2,3,4	C, I, I
3) Critical reading of primary research literature to provide the basis for advanced training in health psychology.	Multiple choice exams, Term paper, Verbal reports	1,4,7	C, C, A
4) Deliver a verbal report and write a succinct paper requiring synthesis and organization of background knowledge and multiple perspectives as well as taking a position on conclusions supported by research.	Term Paper, Verbal reports	3,4	C, A

Notes. PLOs = Program-Learning Outcomes: 1 = demonstrate knowledge of psychological sciences, 2 = think critically and solve problems, 3 = conduct research and analyze data, 4 = communicate effectively, 5 = demonstrate

information literacy, 6 = understand and implement ethical principles, 7 = apply psychological knowledge and skills. Level of PLO achievement facilitated by this course: I = introductory, C = competency, A = advanced.

Prerequisites

Psyc312 or PSYC 300 and 301 (Experimental Design and Quantitative Methods for Psychology) and PSYC 375 (brain and behaviour).

Required Text

Health Psychology, Canadian Edition by Edward P. Sarafino, Timothy W. Smith, David B. King, and Anita DeLongis. Wiley (2015). May be purchased at the University of Calgary Bookstore in paper or electronic format.

Assessment Methods

Paper-30%, Exams- 30% each, Verbal Report - 10%

Term Paper: (Topic approval October 1, Final deadline December 3 at 5pm).

The purpose of the term paper is to develop detailed knowledge about a specific topic of interest to you in the area of Health Psychology. Thus, it needs to address some issue that concerns interactions between psychological processes or behavior and physical health. Topics that address purely mental health issues or non-psychological medical issues are not appropriate. For example, a paper about treatment of alcoholism would not be appropriate, since problem drinking causes lots of difficulties that are not purely health related such as interpersonal and occupational problems. On the other hand, a paper about the impact of alcohol use and its treatment on risk for heart disease would be fine since it would blend behavioral and medical issues. Similarly, topics that address purely non-psychological medical issues are not appropriate. For example, a paper evaluating the relative merits of various medical procedures used to treat coronary artery disease (e.g., bypass surgery, percutaneous interventions, medication) would not be appropriate, unless psychological aspects were also incorporated (e.g., these might have different effects on the patient's quality of life). Topics must be approved by Dr. Campbell on or before the class of February 1st. After deciding on a topic, do a literature search using a search engine like Medline or PubMed. The eventual bibliography of your paper, written using APA style, should include at least 10 references. The references can include books, book chapters, and web sites, but at least some individual journal articles should be read and listed, too. Discussion of the research concerning the topic should be incorporated into the paper. In some cases, there will be a lot of available research while in other cases you may have to search a bit, but it is important to develop an idea about what is known about a topic, the kinds of research designs that are typically used and their strengths and weaknesses. The paper should present a balanced discussion of the problem, what we know about it, possible clinical implications, etc. The maximum length of the paper is 10 pages double-spaced, not including references. It is due in hard copy at the beginning of class on April 5th at 11am.

TIPS ON TERM PAPER GRADING

1. Quality is more important than length. However, you can not have an excellent term paper that is only 7 pages. Using really big type that makes your paper look long is not an effective way to get a better grade.
2. If you only use 5 scientific references, you are unlikely to get an "A". For an "A" I expect you to dig into the literature and write a paper that shows you have informed yourself on the topic.
3. I am not going to correct your English, but I will deduct points from general quality if there are many misspelled words and examples of poor grammar. With spelling checkers there is little excuse for spelling errors.
4. We will discuss the term paper several times in class. If you have questions about the paper, please ask them. If the instructions are not clear, ask me to clarify.
5. You are almost ready to graduate from the university, and this paper is a major part of your grade. Therefore, I expect you to take this assignment seriously and perform at a high level. To get a high grade you must show that you have learned the academic material and have put considerable effort into writing this report.

Without approved documentation, points will be deducted for term papers handed in late (after 5pm on December 3rd). Late papers must be dropped off in the main office drop box, where they will be date stamped, during business hours. No assignments slipped under office doors or left on desks will be accepted. Late penalties are 10% per day (including weekends). Electronic submission is not acceptable.

Exams: There are two exams (October 8th and November 19th). They will contain multiple choice and short-answer questions. Tests will cover information from both lectures and text chapters. No notes, texts or electronic devices are allowed.

Verbal Report: (November 26th and December 3rd) Each student will make a 5-minute statement about a health issue of your choice. There are two purposes of this special class period. The first is to make sure we touch on health topics that are of concern to students. Each of you will choose a health topic that interests you and make a very short presentation. Your statement can expand on a topic we have already covered or bring up a subject that will not otherwise be discussed. You can tell a case history of a friend or relative who had a particular disease; share your own experience with a disease or health behavior; summarize an interesting journal article; motivate the class to try a self-cure or preventive measure; inform us about an alternative therapy, a health fraud, an experience with the health care system, or anything else relevant to health psychology. Please do not select a topic related to your term paper. The second purpose of the assignment is to make sure everyone contributes to the class discussion at least once. Public speaking is an important skill for everyone, and this is a simple way to get started. Verbal reports can be made from your seat; you do not have to come in front of the class. If you

are nervous about speaking to groups, you can write out your statement and read it. Most students find this to be a positive experience, because it is a chance to get up on your soap box. We will have brief discussion or comment on each verbal report. If you want to ask a question to the class or instructor at the end of your report, that is fine. Grading will be based on sticking to the 5-minute time limit, relevance to health psychology, apparent preparation, and effectiveness of presentation. No written document is required. Without approved documentation, any student who misses their presentation day will receive a grade of 0.

Department of Psychology Criteria for Letter Grades

Psychology professors use the following criteria when assigning letter grades:

A+ grade: *Exceptional Performance.* An A+ grade indicates near perfect performance on multiple choice and short answer exams. For research papers/essays/course projects/presentations, an A+ grade is awarded for exceptional work deserving of special recognition and is therefore not a common grade.

A, A- Range: *Excellent Performance.* Superior understanding of course material. Written work is very strong in terms of critical and original thinking, content, organization, and the expression of ideas, and demonstrates student's thorough knowledge of subject matter.

B Range: *Good Performance.* Above average understanding of course material. Written work shows evidence of critical thinking and attention to organization and editing but could be improved in form and/or content.

C Range: *Satisfactory Performance.* Adequate understanding of course material. Knowledge of basic concepts and terminology is demonstrated. Written work is satisfactory and meets essential requirements but could be improved significantly in form and content. Note: All prerequisites for courses offered by the Faculty of Arts must be met with a minimum grade of C-.

D range: *Marginally meets standards.* Minimal understanding of subject matter. Written work is marginally acceptable and meets basic requirements but requires substantial improvements in form and content. Student has not mastered course material at a level sufficient for advancement into more senior courses in the same or related subjects.

F grade: *Course standards not met.* Inadequate understanding of subject matter. Written work does not meet basic requirements. Student has not demonstrated knowledge of course material at a level sufficient for course credit.

Grading Scale

A+	96-100%	B+	80-84%	C+	67-71%	D+	54-58%
A	90-95%	B	76-79%	C	63-66%	D	50-53%
A-	85-89%	B-	72-75%	C-	59-62%	F	0-49%

As stated in the University Calendar, it is at the instructor's discretion to round off either upward or downward to determine a final grade when the average of term work and final examinations is between

two letter grades. In this course there will be no rounding up of final grades, especially in light of the opportunities students have to increase their final grade via research participation.

Tentative Lecture Schedule

Date	Topic/Activity/Readings/Due Date
T Sep 10	Introduction to Health Psychology / Chapters 1 and 2
R Sep 12	Last day to drop a class without financial penalty
F Sep 13	Last day to add or swap a course
T Sep 17	Stress, Illness and Coping / Chapter 3
F Sep 20	Fee payment deadline for Fall Term full and half courses.
T Sep 24	Stress, Biopsychosocial Factors, and Illness / Chapter 4 Coping with and Reducing Stress / Chapter 5
T Oct 1	Health-Related Behaviour and Health Promotion / Chapter 6 Smoking & Tobacco use / Chapter 7 Deadline to have term paper topic approved
T Oct 8	Exam #1 Using Health Services / Adherence In the Hospital/Clinic: Effects on Patients / Chapters 9 and 10
M Oct 14	Thanksgiving Day, University closed (except Taylor Family Digital Library, Law, Medical, Gallagher and Business Libraries). No lectures.
T Oct 15	Nutrition, Weight Control and Diet, Exercise / Chapter 8
T Oct 22	Pain / Chapter 11 and 12
T Oct 29	Cancer / Chapter 14
T Nov 5	Cardiovascular disease / Chapter 14
R Nov 10-16	Term break no classes
M Nov 11	Remembrance Day (Observed). University Closed (except Taylor Family Digital Library, Law, Medical, Gallagher and Business Libraries). No lectures.
T Nov 19	Exam #2 What's Ahead for Health Psych / Chapter 15
T Nov 26	Verbal Reports
T Dec 3	Verbal Reports
F Dec 6	Fall Term Lectures End. Last day to withdraw with permission from Fall Term half courses.
Dec 9-19	Fall Final Exam Period

Reappraisal of Graded Term Work <http://www.ucalgary.ca/pubs/calendar/current/i-2.html>

A student who feels that a piece of graded term work (term paper, essay, test, etc.) has been unfairly graded, may have the work reappraised as follows. The student shall discuss the work with the instructor **within ten business days** of being notified about the mark or of the item's return to the class.

If not satisfied, the student shall take the matter to the head of the department offering the course **within 2 business days of receiving the decision from the instructor**, who will arrange for a reappraisal of the work **within the next ten business days**. The reappraisal will only be considered if the student provides a detailed rationale that outlines where and for what reason an error is suspected. Students in faculties without a departmental structure should take the matter to the dean, or designate, of the faculty offering the course. The result of that reappraisal will be given to the student in writing along with information about appealing the reappraisal.

The reappraisal of graded term work may cause the grade to be raised, lowered or to remain the same. There is no limit to the number of pieces of graded work that a student may request be reappraised, however a single piece of work may only be reappraised once.

Reappraisal of Final Grade <http://www.ucalgary.ca/pubs/calendar/current/i-3.html>

In the reappraisal of a final grade, the only element that will be considered is the grading of the final assessment that makes up the final mark (e.g., final examination, final project, final paper). An exception may occur when the Instructor of Record evaluates a piece of graded term work at the end of the term; that grade may also be considered in a reappraisal of final grade.

A student seeking a reappraisal of a final grade should first attempt to review the final assessment with the department or faculty offering the course. After which, the student shall obtain a Reappraisal of Final Grade form from ucalgary.ca/registrar (under Student Forms). The student must indicate exactly what error was made in marking the final assessment and/or in computing the final grade. The reappraisal will only be considered if the student provides a detailed rationale that outlines where and for what reason an error is suspected.

Students requesting a reappraisal of a final grade must submit their request by the following dates:

Fall Term – March 1

Winter Term – June 30

Spring Intersession – August 15

Summer Term – October 15

Supplemental Examinations: 30 calendar days from the date the examination was written

For information relating to Law, Veterinary Medicine and the Cumming School of Medicine (MD) courses, please refer to the faculty section.

The reappraisal form shall be submitted to Enrolment Services who will forward it to the department head or dean of the faculty offering the course. Reappraisals of final grades are dealt with by the head of the academic unit in consultation with members of academic staff. Normally, the department/faculty will respond to a reappraisal request within thirty calendar days of its initiation. After the reappraisal is completed, the department shall return the form to the Registrar's Office who shall inform the student in writing of the decision.

Students should be aware that the grade being reappraised may be raised, lowered or remain the same. A student may request a reappraisal of final for a maximum of two courses in one academic year (September 1 – August 31).

Plagiarism and Other Academic Misconduct

Intellectual honesty is the cornerstone of the development and acquisition of knowledge and requires that the contribution of others be acknowledged. Consequently, plagiarism or cheating on any assignment is regarded as an extremely serious academic offense. Plagiarism involves submitting or presenting work in a course as if it were the student's own work done expressly for that particular course when, in fact, it is not. Students should examine sections of the University Calendar that present a Statement of Intellectual honesty and definitions and penalties associated with Plagiarism/Cheating/Other Academic Misconduct.

Academic Accommodations

The student accommodation policy can be found at: ucalgary.ca/access/accommodations/policy. Students needing an Accommodation because of a Disability or medical condition should communicate this need to Student Accessibility Services in accordance with the Procedure for Accommodations for Students with Disabilities ucalgary.ca/policies/files/policies/student-accommodation-policy. Students needing an Accommodation based on a Protected Ground other than Disability, should communicate this need, preferably in writing, to the instructor.

Seating During Exams

Instructors and exam invigilators are free to ask students to move seats before an exam begins or even during an exam. Students must comply with this request and refusal to do so may warrant a charge of academic misconduct.

Absence From A Test/Exam

Makeup tests/exams are **NOT** an option without the approval of the instructor. A student may be asked to provide supporting documentation for an exemption/special request for a make-up exam <https://www.ucalgary.ca/pubs/calendar/current/n-1.html>. . Students who miss a test/exam have up to **48 hours** to contact the instructor to ask for a makeup test/exam. It's the instructor's discretion if they will allow a make-up exam. **Students who do not schedule a makeup test/exam with the instructor within this 48-hour period forfeit the right to a makeup test/exam.** At the instructor's discretion, a makeup test/exam may differ significantly (in form and/or content) from a regularly scheduled test/exam. Once approved by the instructor a makeup test/exam must be written within 2 weeks of the missed test/exam during exam make-up hours provided by the department <http://psychology.ucalgary.ca/undergraduate/exam-and-course-information#mues>.

If a student cannot write their final exam on the date assigned by the Registrar's Office, they need to apply for a deferred exam <https://www.ucalgary.ca/registrar/exams/deferred-exams>.

Travel During Exams

Consistent with University regulations, students are expected to be available to write scheduled exams at any time during the official December and April examination periods. Requests to write a make-up exam because of conflicting travel plans (e.g., flight bookings) will NOT be considered by the

department. Students are advised to wait until the final examination schedule is posted before making any travel arrangements. If a student cannot write their final exam on the date assigned by the Registrar's Office, they need to apply for a deferred exam <https://www.ucalgary.ca/registrar/exams/deferred-exams>. Students with an exceptional extenuating circumstance (e.g., a family emergency) should contact the Department of Psychology (psyugrd@ucalgary.ca).

Freedom of Information and Protection of Privacy (FOIP) Act

The FOIP legislation disallows the practice of having student's retrieve tests and assignments from a public place. Therefore, tests and assignments may be returned to students during class/lab, or during office hours, or will be made available only for viewing during exam review sessions scheduled by the Department. Tests and assignments will be shredded after one year. Instructors should take care to not link students' names with their grades, UCIDs, or other FOIP-sensitive information.

Acknowledgments and Respect for Diversity

Our classrooms view diversity of identity as a strength and resource. Your experiences and different perspectives are encouraged and add to a rich learning environment that fosters critical thought through respectful discussion and inclusion. The Department of Psychology would also like to acknowledge the traditional territories of the people of the Treaty 7 region in southern Alberta. The City of Calgary is also home to Métis Nation of Alberta, Region III.

Wellness and Mental Health Resources

The University of Calgary recognizes the pivotal role that student mental health plays in physical health, social connectedness and academic success, and aspires to create a caring and supportive campus community where individuals can freely talk about mental health and receive supports when needed. We encourage you to explore the excellent mental health resources available throughout the university community, such as counselling, self-help resources, peer support or skills-building available through the SU Wellness Centre (Room 370, MacEwan Student Centre, <https://www.ucalgary.ca/wellnesscentre/services/mental-health-services>) and the Campus Mental Health Strategy website (<http://www.ucalgary.ca/mentalhealth/>).

Evacuation Assembly Point

In case of an emergency evacuation during class, students must gather at the designated assembly point nearest to the classroom. The list of assembly points is found at <http://www.ucalgary.ca/emergencyplan/assemblypoints>
Please check this website and note the nearest assembly point for this course.

Student Organizations

Psychology students may wish to join the Psychology Undergraduate Students' Association (PSYCHS). They are located in Administration 130 and may be contacted at 403-220-5567.

Student Union VP Academic: Phone: 403-220-3911 suvpaca@ucalgary.ca
Student Union Faculty Rep.: arts1@su.ucalgary.ca

Student Ombudsman's Office

The Office of the Student Ombudsmen provides independent, impartial and confidential support for students who require assistance and advice in addressing issues and concerns related to their academic careers. The office can be reached at 403-220-6420 or ombuds@ucalgary.ca (<http://www.ucalgary.ca/provost/students/ombuds>)

Safewalk

The safewalk program provides volunteers to walk students safely to their destination anywhere on campus. This service is free and available 24 hrs/day, 365 days a year.
Call 403-220-5333.

Important Dates

The last day to drop this course with no "W" notation and **still receive a tuition fee refund** is **Thursday, September 12, 2019**. Last day add/swap a course is **Friday, September 13, 2019**. The last day to withdraw from this course is **Friday, December 6, 2019**.
